ADDENDUM NO. 4

TO PROSPECTIVE RESPONDENTS **GDC23-003** –Hudson River Ground Stabilization Request for Qualification (“RFQ”)

This constitutes Addendum No. 4 to The Gateway Development Commission, Hudson River Ground Stabilization project - RFQ# GDC23-003.

The following changes are hereby made in the Request for Qualifications for the subject Contract.

Question No.	RFQ Section Reference	Questions	Response
1	Addendum 3; Addendum 2 (see question 31); Appendix 9 4. (a)-(b); Forms T-1 and T-2	Addendum 3 has eliminated “Specialty Subcontractor” from the RFQ. Initially, Respondent included form T-1 from the Specialty Subcontractor. Now that there is no Specialty Subcontractor, our subcontractor is merely a Principal Participant due to inclusion of Key Personnel from that subcontractor. Pursuant to Addendum 2 (see question 31, Appendix 9 4.(a)), Principal Participants are not required to submit form T-1. Should we update our SOQ to include T-2 from our former Specialty Subcontractor? Or are we permitted to include T-1 from our former Specialty Subcontractor?	If the subcontractor is not an entity that is part of either the Contractor or Designer, a Form T-1 should not be submitted for them. Please include any identified subcontractors in Form T-2, including those that are Principal Participants.
2	Addendum 3; Addendum 2 (see question 29); Appendix 9 4. (d); Form T-5	Addendum 3 has eliminated “Specialty Subcontractor” from the RFQ. Initially, Respondent included form T-5 from the Specialty Subcontractors. Now that there is no Specialty Subcontractor, our subcontractor is merely a Principal	A Form T-5 (Table 2) is only required for the Respondent and each entity comprising the Contractor, as clarified in Addendum 2.
