

CONSTRUCTION NOTICE: SLURRY WALL SHAFT ACTIVITIES

OVERVIEW: As part of the Hudson Tunnel Project, GDC's contractor will be advancing slurry wall shaft construction within the fenced boundaries of Block 675, Lot 1. Slurry walls will hold back earth and water so the contractor can construct an access shaft to remove GDC's future tunnel boring machines.

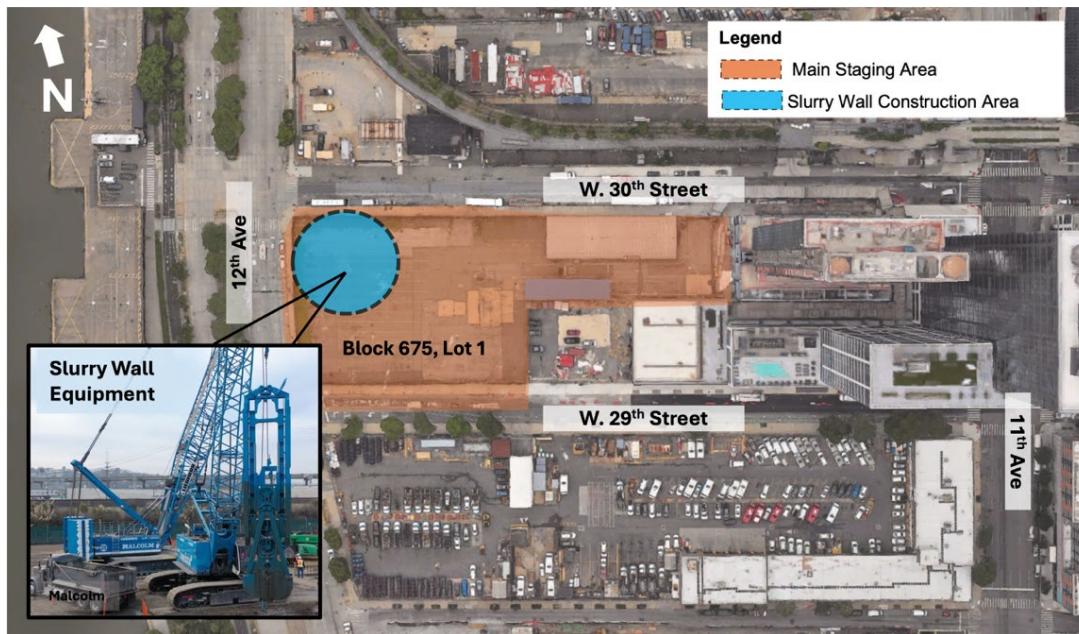

LOCATION: Fenced area of Block 675, Lot 1 near 12th Avenue between W. 30th and W. 29th Streets

SCHEDULE:

- Start Date: As soon as November 5, 2025
- Anticipated Duration: 6 Months
- Working Hours: 7:00 AM – 11:00 PM, Weekdays. Equipment maintenance and housekeeping may be performed on Saturdays 7:00 AM – 3:00 PM

NOISE IMPACT: Expect periods of moderate to high noise. Sound barriers will be constructed around particularly noisy equipment and noise monitoring will be in place to ensure activities are kept within their limits. High-noise activities will be avoided during nighttime periods.

TRAFFIC IMPACT: NO TRAFFIC IMPACTS. All work will be confined to non-traffic areas within the work zone. Closure of W. 29th Street remains in place.
