**GATEWAY DEVELOPMENT COMMISSION STATEMENT ON INITIAL  
DISBURSEMENT OF FEDERAL FUNDS FOR HUDSON TUNNEL PROJECT**

“GDC is grateful to New York and New Jersey for their support in restoring our access to the federal funding for the Hudson Tunnel Project. We have received an initial disbursement of \$30 million from the federal government and expect to receive the full \$205 million in reimbursement funds. Construction remains paused for now, and we are working with our contractors to plan how to deploy these funds in the most effective way and get workers back on the job to resume some construction as soon as possible.”

###

*The Gateway Program is the most urgent infrastructure program in the country – a comprehensive set of rail investments that will improve commuter and intercity services, add needed resiliency, and create new capacity for the busiest section of the Northeast Corridor (NEC). The NEC is the most heavily used passenger rail line in the country hosting more than 2,200 train movements and 800,000 passenger trips daily.*
