

**CONSTRUCTION NOTICE**

- WHAT:** Temporary Parking Restriction
- WHERE:** Paterson Plank Road, North Bergen  
(above Portal Construction Site)
- WHEN:** Monday, March 9—Friday, March 13  
7:00 AM to 4:00 PM Daily

Next week, the SLDJV will be installing Utility Monitoring Points (UMPs) along the west side of Paterson Plank Road. To maintain two-way traffic flow, on-street parking will be restricted adjacent to the work area each day during the shift.

*Police officers and project team flaggers will be on hand to direct traffic and help ensure pedestrian safety.*

**Questions or Concerns?**

24/7 Hotline: 1-800-444-1050

Email: [PalisadesTunnel@gatewayprogram.org](mailto:PalisadesTunnel@gatewayprogram.org)

General Project Overview – The Palisades Tunnel Project will use tunnel boring machines (TBMs) to excavate two parallel tunnels—measuring approximately 5,100 feet long with an inside diameter of 25 feet—through the rock formations of the Palisades. The project also involves building the new Hudson County Shaft, which will be used to remove the TBMs when digging is complete. The project contractor is Schiavone Dragados Lane Joint Venture (SLDJV).
