

## CONSTRUCTION NOTICE

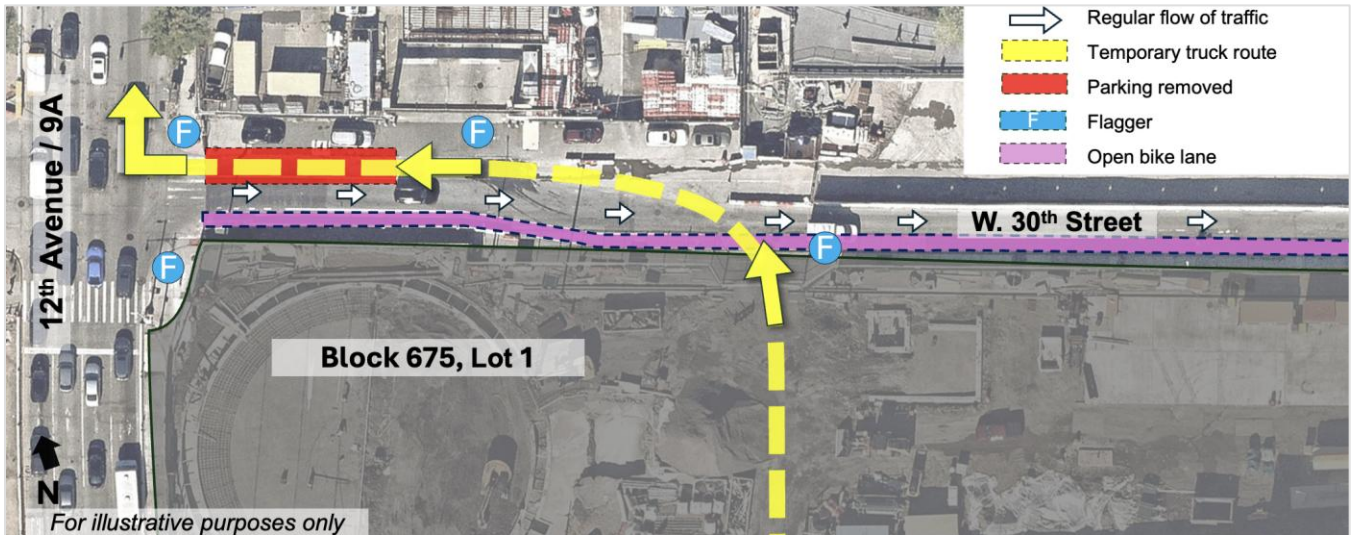

- WHAT:** Intermittent Changes to West 30<sup>th</sup> Street Traffic and Parking Lane Removal
- WHERE:** West 30<sup>th</sup> Street near 12<sup>th</sup> Avenue
- WHEN:** Beginning as early as July 6, 2026, through approximately March 2027  
Five to ten times per day, between 7:00 AM to 11:00 PM, daily

Starting as early as July 6, 2026, GDC’s contractor will implement an occasional new traffic pattern on West 30<sup>th</sup> Street. Between five to ten times per day, trucks will make left turns from the Block 675 staging area onto West 30<sup>th</sup> Street. These turns will occur against the regular flow of car and bicycle traffic for approximately 250 feet before trucks turn right and merge with northbound traffic on 12<sup>th</sup> Avenue.

To accommodate this movement, flaggers will manage car, bicycle, and pedestrian traffic on 12<sup>th</sup> Avenue and West 30<sup>th</sup> Street for approximately 90 seconds when trucks are exiting the site. These temporary holds will ensure that trucks can safely and efficiently maneuver.

Safety is the highest priority during these operations. Flaggers will be stationed at the southwest, southeast, northeast corners of 12<sup>th</sup> Avenue and W. 30<sup>th</sup> Street, as well as mid-block on West 30<sup>th</sup> Street, to manage vehicles, cyclists, and pedestrians when this operation takes place.

This configuration is **not** a continuous set up. Outside of these limited truck movements, there will be no change to the existing street configuration.
